

BUSINESS FUNDING

Grow Your Business with Fast Flexible Funding.

Discover a new way to boost your cash flow and unlock growth opportunities for your business with the Merchant Cash Advance.

Get hassle-free business funding within 48 hours.

Strategic Capital for Your Next Phase

We recognise that scaling a business requires both vision and capital. Through our partnership with Merchant Capital, we provide a sophisticated funding bridge that grants you access to working capital within 48 hours.

This collaboration empowers South African businesses to boost cash flow and seize new opportunities without disrupting daily operations, turning potential into growth.

Why Choose a Merchant Cash Advance

- 
Unsecured Funding
 No assets or collateral required. Get the capital you need without putting your business or personal property at risk.
- 
Fixed-Cost Clarity
 You'll know the exact repayment amount from the start. No interest rate shifts or hidden fees—just straightforward financial planning.
- 
High-Speed Funding
 Fast-tracked applications for quick results. Once approved, we get the funds into your account within 48 hours.
- 
Flexible Repayments
 Pay back as you earn. Our model mirrors your daily or weekly sales, ensuring your repayments always stay affordable and in sync with your cash flow.
- 
Shari'ah-Certified Funding
 We offer Shari'ah-certified funding options to empower compliant businesses across relevant sectors.

Get Funded in 3 Simple Steps

01 Complete your application online and receive an indicative funding offer.

02 Get approval with support from a dedicated Merchant Capital consultant.

03 Access your funds, typically within 48 hours.

Supporting Numerous Industries

The Merchant Cash Advance is tailored to suit a wide range of industries, including but not limited to:

- Retail
- Hospitality and restaurants
- Wholesale and distribution
- Automotive
- Hair, beauty, and wellness
- Professional services
- Pharmaceutical
- Medical

Common Uses for Business Funding

Because you understand your business requirements better than anyone else, you can use the funding in whatever way you see fit.

- Stock and equipment purchases
- Expanding your service offering or operations
- Renovations or opening new locations
- Staff training and partner buyouts
- Launching marketing campaigns or entering new markets
- Strengthening cash flow and covering day-to-day costs
- Handling unexpected costs, tax payments, or emergencies
